# WELCOME REMARKS

## by the President of the World LPG Association

On behalf of the Board of Directors and Industry Council of the WLPGA I am honoured to welcome colleagues and friends from across the world to the 30<sup>th</sup> World LPG Forum in the spectacular and historic city of Marrakech in Morocco.

Convening under the theme “Fuelling New Markets” the 30<sup>th</sup> edition of our event will focus on the opportunities for the LPG industry in new markets across the world, whether in new geographies or in new segments. The event will take place in the context of important trends in our industry and more broadly in the world: LPG production continues to strengthen driven by robust exports from the USA and the promise of new supply emerging from the Middle East. In the last 24 months prices have remained low and, although recent OPEC

supply cuts have supported crude, and in consequence LPG prices, LPG remains at an historically low price resulting in greater affordability for many potential new consumers across the world. Demand for LPG in some markets is growing very quickly for example in India where, as a result of strong government support, many hundreds of millions of new consumers will have access to LPG by 2020. Autogas, LPG as a transport fuel, also continues to grow with many markets experiencing double digit growth and other nascent markets on the verge of expanding.

This event also takes place at a time of unprecedented focus on air quality in our cities. Awareness of the dangers of air pollution and the risk to human health is driving a policy agenda that favours cleaner fuels such as LPG, and in response the WLPGA will continue to amplify its positioning of LPG as a clean, safe and modern fuel.

This is the World LPG Forum yet we are clearly conscious of the fact that we are returning to Africa for the first time in 10 years. Since our last African World LPG Forum in Cape Town in 2007, LPG consumption in Africa has increased by over 40% - double the growth seen in Europe and four times the growth seen in North America in the same period. And the outlook is very positive. African population is anticipated to grow, exceeding the combined level of China, the EU and the USA by 2050, while per capita income levels are expected to have doubled by the same date. This growth is far greater than grid-based energy systems will achieve, and in this environment LPG has the possibility to flourish.

Our sincere thanks go to the National Organising Committee of the 30<sup>th</sup> World Forum and the sponsors whose support make this event possible. The World LPG Forum is the premier LPG event in the world and if you have any stake in this industry I look forward to seeing you in Marrakech and learning together how we can “Fuel New Markets”.

**Yağiz Eyüboğlu**  
**President of the World LPG Association**

# WELCOME REMARKS

## by the Chairman of the National Organising Committee

It is my pleasure and privilege to welcome you to the 30<sup>th</sup> World LPG Forum in one of the most beautiful cities of Morocco, Marrakech.

Marrakech was founded in 1071 and is also named ‘the ochre city’ or the ‘red city’ due to the specific colours of its many buildings. Located in the north of the foothills of the snow-capped Atlas Mountains, Marrakech has a variety of places, secret gardens, each with their personality and charm which are a must when you visit the city. Moreover, Marrakech hosted the COP22 meeting, which was a highly successful and fruitful international event, as will be the case for the 30<sup>th</sup> World LPG Forum.

This year’s theme “Fuelling New Markets”, while applicable across the whole world, is very relevant to Africa which we expect to become the fastest growing LPG market in the world.

So let’s make LPG accessible to all, accessible to Africa, because LPG is a safer, cleaner and more efficient alternative to the traditional fuels used for cooking, heating and transportation.

Energy is one of the key factors for development, and is highly relevant in Morocco, due to its demographic growth, increasing urbanisation and its needs for economic and social development.

The potential for LPG growth exists although in some cases the challenges are real. Morocco’s energy average consumption per person is ranked the third in the world and second in Africa, with a penetration rate of 99% in the market of LPG. This is due to a development policy led by the Moroccan government encouraging clean energy such as LPG.

As the President of “Energy Federation”, I am delighted to give my full support to the World LPG Forum, and I warmly welcome you to The Kingdom of Morocco.

**Rachid Idrissi**  
**Président de la Fédération de l’Energie**

The WLPGA is the authoritative voice of the global LPG industry representing the full LPG value chain. The primary aim of the association is to add value to the sector through driving premium demand for LPG, while also promoting compliance to good business and safety practices. It brings together private and public companies involved in one, several or all activities of the industry, it develops long-term partnerships with international organisations and implements projects on local and global scales. The association was established in 1987 and granted Special Consultative Status with the United Nations Economic and Social Council in 1989.

As the authoritative, global voice for LPG, WLPGA promotes the use of LPG globally to foster a safer, cleaner, healthier and more prosperous world. WLPGA adheres to the following mission:

- Demonstrate the benefits of LPG and inform, educate and influence all stakeholders
- Support the development of LPG markets
- Promote compliance with standards, good business and safety practices
- Identify innovation and facilitate knowledge transfer

For information regarding membership, projects, partnerships and other activities, contact **Mr. James Rockall**, CEO and Managing Director at [association@wlpga.org](mailto:association@wlpga.org) or at +33 1 78 99 13 30.

## FORUM OVERVIEW

The **World LPG Forum** is undoubtedly the premier annual event in the LPG calendar. Travelling the globe each year, this influential event combines not only a high level conference and a major exhibition but also a choice of dedicated smaller summits and dynamic side events which cover the entire industry.

With a selection of unparalleled networking and business opportunities, this is the event where you will meet everyone in the industry. If you only attend one LPG industry event each year the **World LPG Forum** should be on your list.

## CHARITY NOMINATION

The World LPG Forum is delighted to support **SOS Villages d'Enfants Maroc** for this 2017 edition to help invest in future generations. A total donation will be made to this important programme on behalf of each speaker.

In Morocco, SOS Children's Villages has been active since 1985 and has Public Authority recognition. Protection and promotion of children's rights are both the starting point and the purpose of its action. The Organisation supports children at risk, those who have lost parental support (orphaned or abandoned children), and those who are living in very vulnerable families and are at risk of being abandoned or mistreated. It provides these children with the stability and the security of a home and with an appropriate education to help them shape their future and become independent and responsible adults.

In 2017, SOS Children's Villages Morocco daily supports more than 1,000 children across the country. The Organisation helps and empowers each one of them so that they get quality education and can pursue their studies as long as possible, depending on their dreams and abilities.

# GLOBAL TECHNOLOGY CONFERENCE

Free Access for Exhibitors

The GTC, created in 2006 by WLPGA, is the only global conference dedicated to technology and innovation in the LPG industry. GTC is an integral part of the annual World LPG Forum. GTC2017 will once again

showcase the most innovative and original technological ideas from around the world. The WLPGA Innovation Award will be granted to the winner of the GTC2017 programme chosen from papers presented in Marrakech. For more details contact Ms. Camille Pieron at [cpieron@wlpga.org](mailto:cpieron@wlpga.org).

Registration to the GTC can either be part of the Full Registration (including access to all the sessions) or as GTC Registration (access to GTC Only). These options give the opportunity to adapt the participants' registrations to their own schedule.

See the registration rules on page 14.

# PRELIMINARY CONFERENCE PROGRAMME

## FUELLING NEW MARKETS

**Thursday, 5<sup>th</sup> October 2017 - Palais des Congrès de Marrakech**

9:30am-11:00am

### **Session 3 - Seizing the Potential**

Chair: Ms Nic Black, General Manager Strategy & Business Development, Elgas

LPG used in the transportation, power generation, agriculture or domestic sectors can bring a wealth of opportunity and open new markets. How can these applications impact the demand and catalyse the development of markets in either developed or developing countries and where will opportunities emerge?

11:00am-11:30am

Coffee Break in the Exhibition

11:30am-1:00pm

### **Session 4 - Harnessing Diversity**

Chair: Ms Olaposi Williams, CEO, OVH Energy Marketing

Diversity is critical for any organisation's ability to innovate and adapt in today's fast-changing environment and is essential to the growth and prosperity of any company. Studies show that truly successful and innovative companies are those that build diverse teams from day one. Explore how a focus on diversity can benefit business.

1:00pm-2:30pm

Lunch in the Exhibition

2:30am-4:00pm

### **Session 5 - Unlocking Africa**

Chair: Mr Blaise Edja, Global LPG Business General Manager, Oryx Energies

Unlocking the opportunities for LPG in Africa is one of the biggest challenges facing the industry. Per capita consumption in most African countries is very low. Traditional fuels dominate the domestic energy scene causing environmental damage, social issues and creating health risks. Bad practices are often in evidence where LPG does exist but this inhibits investment and infrastructure is needed to provide more people with access to LPG. How do we solve this conundrum?

4:00pm-4:15pm

**Closing of the 30<sup>th</sup> World LPG Forum & Opening of the 31<sup>st</sup> World LPG Forum**

5:00pm-6:30pm

**Cocktail around the Pool**  
**Mövenpick Hotel**

*Note: All sessions held during this event, whether in the main plenary sessions or the Global Technology Conference, will be conducted strictly in accordance with WLPGA anti-trust guidelines, a copy of which is available on request.*

## Members' Dinner Dar Rhizlane

Monday, 2<sup>nd</sup> October 2017  
7:30pm to 10:30pm

- Open only to WPGA members and spouses
- Dress code: Business Attire

A stunning Moorish-style boutique hotel, Dar Rhizlane, is an airy little piece of lush, green paradise located in the Hivernage district of Marrakech, near the Jemaa El Fnaa market place and Marrakech's famed medina. Hidden by the trees of the street, the mysterious building unfolds behind century-old eucalyptuses and an imposing iron gate.

## Welcome Reception Exhibition Area

Tuesday, 3<sup>rd</sup> October 2017  
6:00pm to 7:30pm

- Open to registered attendees, spouses and exhibitors

Let's kick-off the Forum with a convivial cocktail reception. Delegates, spouses and exhibitors are invited to attend the Welcome Reception in the exhibition area to celebrate the launch of the Forum, enjoy a very convivial moment and catch up with colleagues and friends in a relaxed atmosphere.

## Gala Dinner Caravansérail

Wednesday, 4<sup>th</sup> October 2017  
7:30pm to 11:00pm

- Open to full registered attendees and spouses
- Additional fees apply for GTC and exhibitors registrations
- Dress code: Business Attire

Let's gather in a luxury Oasis camp hidden in the Palmeraie. The evocative landscape covered by hundreds of Berber carpets under the brilliant starry sky and blazing camp fires provide an unparalleled Moroccan ambiance. This represents a unique opportunity to experience the rich heritage of the local culture.

## Cocktail around the Pool Mövenpick Hotel

Thursday, 5<sup>th</sup> October 2017  
5:00pm to 6:30pm

- Open to registered attendees, spouses & exhibitors

Come and wrap up your participation to the Marrakech Forum during an informal "get together" around the pool of the Mövenpick hotel. A pleasant way to extend the networking and exchanges with friends and peers after the Forum.

# THE EXHIBITION

Along with the the conference, the 30<sup>th</sup> World LPG Forum provides all delegates and visitors with the opportunity to see the latest products and services available in relation to the production, storage, transport, distribution, installation and use of LPG. Opening with the Welcome Reception on Tuesday, 3<sup>rd</sup> October at 6:00pm and running until Thursday, 5<sup>th</sup> October at 4:30pm, the exhibition hall will be a central point for all participants to network, learn and do business. Consult the up to date floorplan online at [www.worldlpgforum2017.com](http://www.worldlpgforum2017.com).

## The exhibition is SOLD OUT

## Language

Simultaneous interpretation will be provided during the event sessions from English into French and Japanese and vice versa.

All documents, handouts and proceedings will be edited in English.

## Visas & Invitation Letters

All participants, exhibitors and visitors are reminded that a visa may be required for foreign citizens entering Morocco and that they should apply for it at their local consulate or embassy. To determine whether you require a visa to enter Morocco, please visit the following website: [www.consulat.ma/an/prestation.cfm?gr\\_id=72](http://www.consulat.ma/an/prestation.cfm?gr_id=72)

Should you need an official letter for visa application purposes, fill out the online request form on the event website at [www.worldlpgforum2017.com](http://www.worldlpgforum2017.com).

The organisers strongly advise to start VISA applications early. For assistance contact the Organising Secretariat at [registration@worldlpgforum2017.com](mailto:registration@worldlpgforum2017.com).

No exhibition and registration fees as well as accommodation deposit refunds will be issued for cancellation or non-attendance due to failure to obtain a visa.
